# Report of School Board

---

The two schools have been in session 31 weeks each.

The school at East Hebron was taught the entire year by Mrs. Lola G. Cooledge.

The spring term at the village was taught by Miss Harriet Wheet of Alexandria and the fall and winter terms by Miss Abby Smith of Plymouth.

We would again call the attention of parents to the fact that the regular attendance of the pupils affects the aid received from the state. The amount received this year on our average attendance was \$22.50.

In accordance with the school law we would ask the selectmen to make the following assessments for the coming year.

Money for high school tuitions	\$400 00
Money for text books and scholars' supplies.	60 00

## Report of School Board

---

Once more we are to present our report of the schools in town. We think that our teachers have been faithful in their work in the past year and the pupils have done good work so we can report a successful year.

We are glad to say we have been able to purchase a good dictionary for the village school, also a case of eight maps, mounted on rolls, for each school. These we believe will fill a long-felt want in our school equipment.

We bespeak the help of each parent in making our schools better each year.

Five weeks extra school was furnished in East Hebron from a fund in the hands of Rosie Russell, which was given by subscription several years ago, and wood and board given by parents. We hope to have a like extension to that school next winter.

We respectfully request the selectmen to assess the following items for school purposes:

Money for high school tuitions to the amount of	\$240 00
Money for text books and scholars supplies	60 00

## REPORT OF SCHOOL BOARD

---

To our townspeople interested in district affairs, the following report is respectfully submitted.

During the year covered by this report the Village and East Hebron schools have each been maintained thirty-two weeks. There is in the hands of the treasurer a sum sufficient to meet expenditures till money from the 1913 assessment may be available.

These conditions are owing largely to aid received from the state. We hope the District will appropriate at its annual meeting an amount which will again entitle it to State Aid. To accomplish this, it is necessary that the amount of money raised by taxation for school purposes be at least \$711.52.

The larger number of our pupils attending high schools or similar institutions expect to complete their courses the coming June. As the money required for tuition is thus lessened, could not the amount for the home schools be increased accordingly?

Surely the education of the children, the men and women of tomorrow, is as worthy an object as improved highways.

Only three pupils, Leslie, Dorothy and Elizabeth Jones of the East Hebron school, have a record of perfect attendance for the year.

We respectfully request the selectmen to assess the following items for the coming year:

Money for High school tuition to the amount of	\$120 00
Money for text books and scholars supplies	
to the amount of	50 00

FLORA E. McCLURE,	} School

## REPORT OF SCHOOL BOARD

---

In making our annual report for the ensuing year, we think we can report as favorably as in the past.

The school at the village was taught by Miss Helen Sibley the entire year. The spring term at East Hebron was taught by Miss Geneva Wheet and the fall and winter terms by Miss Genevieve Winott.

The East Hebron school was maintained three extra weeks, which completed a fund that was given several years ago.

The city people in East Hebron contributed a sum of \$16 which was used for furnishings in the East Hebron school. We wish to express our thanks for this sum.

In order to entitle the district to State Aid, the district must raise by taxation \$887.

We respectfully request the selectmen to assess the following item for the coming year :

Money for text books and scholars supplies to the amount of \$25 00

## REPORT OF SCHOOL BOARD

---

To whom it may concern, the following report is respectfully submitted.

During the year covered by this report, the East Hebron district has had twenty-four weeks; and the village district, twenty-six weeks of school. The East Hebron district had less weeks of school because of the higher wages paid the teacher.

It is not an easy task to secure well qualified teachers of experience for our mixed schools for the wages we are able to offer. The most efficient teachers are constantly commanding higher wages.

Perfect attendance for the year has been attained by Fred B. Morse, Norman McDougall, Eleanor Hartford. For one term, Manson B. Smith, Theodore R. Adams, Ivy Hamilton, Elizabeth Jones, Dorothy Jones.

We respectfully request the selectmen to assess the following items the ensuing year:

Money for high school tuitions to amount of \$80, money for text-books and scholars supplies to amount of \$50.

## REPORT OF SCHOOL BOARD

---

To whom it may concern, the following report is respectfully submitted.

During the year covered by this report, the East Hebron district has had thirty-two weeks; and the village thirty weeks, of school.

On account of the few pupils in the village district, it is not an easy task to conduct an interesting school to either teacher or pupils.

If both schools could be united in one, it might prove to be a change for the better, rather than to continue the present system.

Perfect attendance for the year has been attained by Gladys Barnard, Eleanor Hartford; 2 terms, Elizabeth Jones, Bradford Jones; 1 term, Norman Macdougall, Maurice Sleeper, Lyla Barnard.

## REPORT OF SCHOOL BOARD

---

To whom it may concern, the following report is respectfully submitted:

During the year covered by the report the two districts of Hebron have had twenty-eight weeks of school each. We believe we have had a very successful year all in all. As has been stated, the village school is so small it is hard to make it as interesting as it would otherwise be. The fall term, too, was broken up, on account of measles in the school. Perfect attendance for the year has been attained by Lyla Barnard, Robert Macdougall; two terms by Lillian Hamilton, Elenor Hartford, Elizabeth Jones, Jean Macdougall; for one term Wendall Sleeper, Theodore Adams, Gladys Barnard, Norman Macdougall, Clarence Davis.

In the village last year there were two pupils who should have been mentioned as in perfect attendance the second term, namely, Clarence Moore, Wesley Merry.

We respectfully request the selectmen to assess the following items the ensuing year:

Money for high school tuitions to amount of \$50.

Money for text books and scholars' supplies, \$75.

Alice S. Hartford, School board.

---

To the Inhabitants of the Town of Hebron in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Town on Tuesday, the 12th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To choose one delegate to the Constitutional Convention.

4. To see if the town will vote to accept State aid.

5. To see if the town will vote to raise money for Trunk line and State road maintenance.

6. To see if the town will vote to rail the State road and appropriate money for the same.

7. To see what action the town will take in relation to the price of labor on the highway.

8. To see if the town will vote to accept the bequest of Anna Staynan of money to be expended in the village cemetery.

9. Or transact any business that may legally come before this meeting.

Given under our hands and seal this 6th day of February, in the year of our Lord nineteen hundred and eighteen.

## THE STATE OF NEW HAMPSHIRE

---

To the inhabitants of the town of Hebron in the County of Grafton in said State, qualified to vote in Town Affairs :

You are hereby notified to meet at Town Hall in said Hebron on Tuesday, the 9th day of March next, at nine of the clock in the forenoon, to act upon the following subjects :

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To see if the town will vote to raise money for State aid and Trunk line maintenance.

4. To see if the town will vote to accept State aid and raise money for same.

5. To see if the town will vote to accept the provisions of Chap. 117, Laws of 1917, on a section of the Sunapee Lake road, so called, and appropriate or set aside from the amount raised for highway work the sum of \$200 for this purpose.

6. To see what action the town will take in regard to replacing the wooden Jewell bridge (so called) with an iron one, and bond the town for same.

7. To see what action the town will take in regard to protecting the edges of the lawns on the common.

8. To see if the town will vote to put in surveyors instead of agents to look after the town roads.

9. To see what action the town will take in regard to white pine blister rust and raise money for same.

10. To see what action the town will take in regard to Old Home day and raise money for same.

Given under our hands and seal the 6th day of February, in the year of our Lord nineteen hundred twenty.

# REPORT OF THE SCHOOL SUPERINTENDENT

---

*To the Citizens of the School District of Hebron:—*

I present herein my first annual report as superintendent of schools, the report including the five months from Sept. 1 to Feb. 1.

The outstanding fact in this district, as in all others of the state, is the new educational act which went into operation Sept. 1, 1919, by which the more wealthy communities of the state will generously come to the assistance of those less fortunately situated, so that the opportunities for education may be as nearly equalized as possible, and every child in the state shall have the privilege of attending a standard school. A standard school is defined by the act to be a school (1) maintained for at least thirty-six weeks, (2) in a suitable and sanitary building, (3) equipped with approved furniture, books, maps and other necessary appliances, (4) taught by an approved teacher, (5) directed and supervised by an approved superintendent, (6) with suitable provision for the care of the health and physical welfare of all pupils.

I shall confine this report to a statement of what has been done by your school board and superintendent in carrying out the terms of this act in Hebron.

1. Doubt has been expressed as to the possibility of maintaining schools in a region with scattered population, drifting snows and low temperatures. We have succeeded in maintaining schools thus far through one of the severest

winters on record, so that there is no longer any reason for doubt. Up to the end of the present week, Feb. 13, we have completed in the Hebron school twenty-one weeks and in the East Hebron school twenty-two weeks. We shall have ample time to complete the full school year of thirty-six weeks between the middle of March and the first of July.

2. The school buildings of the district are in excellent condition and will require only minor changes to make them "suitable and sanitary" buildings within the meaning of the act. They are, in fact, in better shape than any rural schools within the supervisory union. The East Hebron school is small and somewhat cramped for the work which we are trying to do, and especially for that which we may try to do in the future. The comfort and efficiency of the school would be greatly increased if the building could be enlarged by the addition of one or two small rooms for the preparation and serving of hot lunches, for the storage and care of supplies and other school purposes. Land for a playground is also much needed. An automobile highway is not a suitable place for children's games. We have a fund for playground equipment, but no place to put apparatus.

3. The schools are equipped with suitable seats and desks, though I should hope, if new ones are needed in future, that single and not double desks will be purchased, and that they be both adjustable and movable. It is desirable that desks and seats be exactly adjusted to the size of pupils using them, in the interests of straight bodies and good health, and it is a great convenience to be able to clear the room of movable furniture, for various school and community purposes. An abundance of sup-

plies and text books has been provided and the schools are equipped for the work of the year. As the price of school supplies is continually advancing, it has been thought wise to purchase for some time ahead.

4. It is the intention of the educational act that none but trained and qualified teachers shall be admitted to New Hampshire schoolrooms. It is impossible to attain this ideal at present, however, for there are not enough of such teachers to supply the schools. I cannot overstate the gravity of the situation as regards qualified teachers. Not only are teachers leaving the profession in vast numbers, but the supply of young people looking forward to teaching and fitting themselves in the normal schools has diminished alarmingly, while the number of children to be taught is constantly increasing. Even if teaching positions are made satisfactory in the matter of salary and in other respects it will take years for the supply of qualified teachers to equal the demand. Meanwhile many schools will be without teachers or taught by those not properly qualified for their work. Under these circumstances it will be a crime against childhood for any community to allow competent teachers to depart because their positions have not been made satisfactory.

The district has been fortunate, under the conditions which I have described, in being able to secure experienced teachers for both of its schools. Mrs. Bertha Waite Braley has taught the Hebron school and Miss Stella Marion Adams the East Hebron school.

The work of a superintendent of schools is both administrative and educational. I need hardly say that the administrative side of my work has been the absorbing one for the last half-year. The task of organizing the

schools of the various districts, with the assistance of the school boards, in accordance with the new act, has been a large one, in which I can only report progress. To the educational side of my work, the careful inspection and supervision of teaching, the testing of pupils and the direction of their work, I have been able to give much less time than I hope to give in the future.

6. The lack of physical fitness revealed by the draft has set Americans to thinking, and in particular has stimulated the people responsible for the conduct of the schools to review their procedure to see if they have not left something undone, and if in future they cannot rear a race with better bodies. It is the intent of the educational act that every effort shall be made to remedy physical defects and to cultivate strong bodies and positive health. A school physician has been engaged by your school board, who will, at the opening of the spring term, examine all the children, and notify parents of defects requiring attention. It will be a part of our school program, also, to have such calisthenic exercises as will help to neutralize the evils of a sedentary occupation.

It is a pleasure to acknowledge the uniform courtesy and helpfulness of everyone connected with the schools. School board, teachers and parents have worked together for the best interests of the children.

Respectfully submitted,

CHARLES A. BRECK, Superintendent.

## SCHOOL BOARD REPORT

---

The attendance of our winter term was broken up on account of sickness. The East Hebron school has been furnished with equipment for getting hot lunches; also the village school. There has been money raised by subscription for playground equipment.

Our village school is sadly in need of pupils. Why don't our village friends adopt some children? They are better pets than cats and dogs, and it would help your school, and at the same time help you.

The East Hebron school yard consists of a few feet of ground in the state highway. It seems necessary that some action be taken this year to secure an enlargement of the playground.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the Citizens of the School District of Hebron:

I present herein my second annual report as superintendent of schools.

The facts relating to the Hebron schools for the school year 1919-'20 are indicated by the following table:

TABLE A

School	Teacher	Weeks	Total Enroll.	Average Member.	Average Attendance	Per cent. of Attendance
Hebron	Bertha W Braley	36	10	6	5.6	93
East Hebron	Stella M. Adams	36	17	13.8	12.2	88

I think the citizens of Hebron will be interested in some comparative figures showing, in certain particulars, a comparison with the other districts in the supervisory union, Table B, and in other particulars with other towns in this part of the state, Table C.

It will be seen (Table B) that all towns of the union, with the exception of Bridgewater, lost population between the census of 1910 and that of 1920. The great majority of rural towns in the state suffered a similar loss, as did those of the entire country. This movement, if continued further, of course spells disaster, and it is the business of every good citizen to do whatever is possible to check it. Is it not plain that good schools are a vital factor in the situation, and that the community which maintains good schools will be able to offer

attractions in competition with the city which the one failing to maintain good schools cannot offer.

The table shows that Hebron, alone of the strictly rural districts in the union, succeeded in maintaining all schools for the full year demanded by the educational act. The other districts, owing to various difficulties, were obliged to ask permission of the state board to cut the year short in one or more schools. A comparison with the record of the previous year shows a marked improvement, with a gain from 29 to 36 weeks. It will certainly be possible to make as good a record this year.

It will be seen by the table that teachers' salaries have advanced in all districts, together with most of the costs of maintaining schools, and this has led to greatly increased demands upon the State Board. Grants to each district have been largely increased. Hebron is the only district in the union which has not yet applied for state aid, the tax of \$5 on a thousand required for receiving such aid having been sufficient this year to maintain the schools.

Table C is comprehensive enough to give a good idea of the range of salaries of elementary teachers in the rural towns of New Hampshire. The last column shows the heavy cost of educating children in rural districts, where each teacher instructs only a small number of pupils. For this table I am indebted to Superintendent W. H. Buker, of Meredith, who has lately collected the figures.

Respectfully submitted,

CHARLES A. BRECK,

Superintendent.

## ROLL OF HONOR
